

UNIVERSITE LAVAL, Québec, Qc

Département de mathématiques et de statistique

<http://www.mat.ulaval.ca/>

The Department of Mathematics and Statistics at Université Laval (Québec City) invites applications for a tenure-track professor position, effective September 1, 2007.

This invitation extends to outstanding candidates with PhDs in any area of algebra. The capacity of the candidate to initiate collaborative research within the “Centre interuniversitaire en calcul mathématique algébrique” (CICMA)¹ will be considered a plus. Candidates should have a strong record in research and a commitment to excellence in teaching, including in the context of service courses.²

All qualified candidates are encouraged to apply, however, according to canadian immigration requirements, Canadians and permanent residents will be given priority. The salary and rank will be commensurate with qualifications and experience. According to its equal opportunity program, at Université Laval, half the vacant positions are reserved for the appointment of women.

Applications should include full curriculum vitae, some reprints of a few recent publications and a summary no longer than two pages, describing the present and future research program. Applicants should also ask three referees to send letters of reference to the address below. The name and address (including phone and fax numbers and e-mail address) of the referees should be listed in the application.

Applications should be sent to the following address, before November 30, 2006.
