Department of Mathematical and Statistical Sciences

Algebraic Number Theory

The Department of Mathematical and Statistical Sciences at the University of Alberta invites applications for a tenure-track position at the Assistant Professor level in Algebraic Number Theory. We offer an excellent research environment with a normal teaching load of three courses per year.

Under exceptional circumstances, appointments at higher level would be considered. We are looking for a person with a PhD, excellent research record as well as strong communication and teaching skills. The successful candidate should have demonstrated a commitment to undergraduate and graduate education.

Algebraic number theory and related areas of arithmetic geometry will be considered. Applicants should submit a curriculum vitae, a teaching profile outlining experience and/or interests, and at least three confidential letters of reference to:

Arturo Pianzola, Chair
Department of Mathematical and Statistical Sciences
University of Alberta
Edmonton, Alberta, Canada T6G 2G1

Electronic submissions should be directed to chairsec@math.ualberta.ca. The closing date for applications is January 15, 2007, or until a suitable candidate is found. Early applications are encouraged.

Please Note: Applicants being considered will generally be contacted within 3-4 weeks of the deadline date. Those not contacted are thanked for their interest and encouraged to apply for future positions advertised by the University.

All qualified candidates are encouraged to apply; however, Canadians and permanent residents will be given priority.

The University of Alberta hires on the basis of merit. We are committed to the principle of equity in employment. We welcome diversity and encourage applications from all qualified women and men, including persons with disabilities, members of visible minorities, and Aboriginal persons.
