## Department of Mathematics and Statistics

---

The Department of Mathematics and Statistics invites applications for a tenure-track position in mathematical statistics or probability. While the appointment is expected to be made at the level of an Assistant Professor, the Department would consider applicants for a senior position.

The candidate must have a strong research record, and be able to establish links with one of the existing areas of excellence in the department: mathematical physics, applied statistics, stochastic differential equations, mathematical biology or bioinformatics, random discrete structures, random matrices or ergodic theory.

Candidates must have a doctoral degree at the date of appointment. They must also have demonstrated the capacity for independent research of excellent quality. Selection criteria include research accomplishments, as well as potential contributions to the educational programs of the Department at the graduate and undergraduate levels.

Applications with a curriculum vitae, a list of publications, a research outline, an account of teaching experience, a statement on teaching, and the names, phone numbers and e-mail addresses of at least four references (with one addressing the teaching record) should be sent to:

Professor David Stephens  
Chair, Mathematical Statistics or Probability Search Committee  
Department of Mathematics and Statistics  
McGill University  
805 Sherbrooke Street West  
Montreal QC H3A 2K6 Canada

Candidates must arrange to have the letters of recommendation sent directly to the above address. Candidates are encouraged to include copies of up to three selected reprints or preprints with their applications.

To ensure full consideration, applications must be received by  
January 15, 2008.

To facilitate notification of the outcome of the search, candidates should send an email to the address [MSPSearch08@math.mcgill.ca](mailto:MSPSearch08@math.mcgill.ca) at the time of application.

McGill University is committed to equity in employment and diversity. It welcomes applications from indigenous peoples, visible minorities, ethnic minorities, persons with disabilities, women, persons of minority sexual orientations and gender identities and others who may contribute to further diversification. All qualified applicants are encouraged to apply; however, in accordance with Canadian immigration requirements, priority will be given to Canadian citizens and permanent residents of Canada.
