Mathematics
Assistant, Associate, or Professor
Faculty of Science
Competition Number: UOIT07-75

The Faculty of Science invites applications for tenure-stream or tenured positions in Mathematics at any rank. These positions are subject to budgetary approval, and would start at a mutually agreeable time but not later than July 2008. Applicants with research expertise in bioinformatics, numerical optimization or stochastic modeling are particularly encouraged to apply. Applicants should possess a Ph.D. in Mathematics or a related area, a strong academic background, and a record of excellence in research. The Faculty of Science offers an Honours Bachelor of Science degree program in Applied and Industrial Mathematics; an Honours BSc program in Bioinformatics is under development for the fall of 2008. The Faculty also offers Honours Bachelor of Science programs in Biological Science, Chemistry, Computing Science, Forensic Science and Physics, as well as Concurrent Education and Science programs in conjunction with UOIT's Faculty of Education. MSc programs in Modelling and Computational Science, Applied Bioscience, and Materials Science commenced in 2007, and an MSc program in Computer Science is under development for the fall of 2008.

Applications will be accepted until January 15, 2008 or until suitable candidates are found. For full details about this position and instructions on how to apply, please visit the Employment Opportunities section of our website at www.uoit.ca. Details about the Faculty of Science can be found at: www.science.uoit.ca/ UOIT is an equal opportunity employer and welcomes applications from qualified women and men, including members of visible minorities, Aboriginal peoples and persons with disabilities. All qualified candidates are encouraged to apply; however, Canadians and permanent residents will be given priority.
