Postdoctoral Position in Number Theory at the University of Lethbridge

The number theory group at the University of Lethbridge invites applications for a postdoctoral position for the year 2009-2010, with the possibility of an extension to a second year. Candidates must have completed a Ph.D. by June 2009. The successful candidate is expected to conduct independent research, collaborate and interact with the number theory group, and teach at most two single-semester undergraduate courses. The salary for this position (teaching included) is \$40,000 (CAD) and the starting date is July 1, 2009.

The interests of the group include algebraic dynamics, analytic number theory, arithmetic geometry, and L-functions. For further information, please consult:

<http://www.cs.uleth.ca/~kadiiri/Number-Theory/numbertheory.html>

Applicants must provide

- (1) a curriculum vitae,
- (2) a research proposal,
- (3) three letters of recommendation.

These may be sent by mail, email, or fax to
