College of Arts and Science
Department of Mathematics and Statistics

Tenure-Track Position in Differential Equations and Non-Linear Analysis

The Department of Mathematics and Statistics in the College of Arts and Science at the University of Saskatchewan invites applications for a tenure-track position in the general areas of Differential Equations and Non-Linear Analysis **(code: AP10)** at the Assistant Professor level effective July 1, 2010.

The Department is seeking an individual who has established accomplishments, outstanding promise of further research productivity in the general areas of Differential Equations and Non-Linear Analysis. The research expertise and interests of the applicant should overlap with the existing research strengths in Applied Mathematics within the Department. Applicants must have a doctoral degree. The successful candidate will demonstrate excellence or promise of excellence in teaching and graduate supervision, and will be expected to develop a vigorous, externally-funded research program. For more information on the Department of Mathematics and Statistics and its research activities, see http://math.usask.ca/.

The College of Arts and Science offers a dynamic combination of programs in the humanities and fine arts, the social sciences and the natural sciences. There are over 8,000 undergraduate and graduate students in the College and 325 faculty, including 12 Canada Research Chairs. The College emphasizes student and faculty research, interdisciplinary programs, community outreach and international opportunities.

The University of Saskatchewan is located in Saskatoon, Saskatchewan, a city with a diverse and thriving economic base, a vibrant arts community and a full range of leisure opportunities. The University has a reputation for excellence in teaching, research and scholarly activities and offers a full range of undergraduate, graduate, and professional programs to a student population of about 20,000. The University is one of Canada's leading research-intensive post-secondary academic institutions.

Application material must include the candidate's Curriculum Vitae and list of publications. Applicants should also arrange for at least three letters of reference to be sent directly from their referees. At least one letter of reference should include detailed comments on the teaching abilities of the applicant. Candidates are also encouraged to supply a research statement and a teaching statement. Candidates must include a cover letter specifying that they are applying for position code **AP10** and must indicate if they are Canadian citizens or permanent residents.

All material should be sent preferably by email as PDF files to:
mathstat_search_AP10@math.usask.ca

or alternatively to:

Dr. Raj Srinivasan, Head
Department of Mathematics and Statistics
University of Saskatchewan
106 Wiggins Road
Saskatoon, SK S7N 5E6

Closing date for receipt of applications is **January 31, 2010**.

All qualified candidates are encouraged to apply; however, Canadian citizens and permanent residents will be given priority. In accordance with the University's Employment Equity Policy, the department welcomes applications from all qualified candidates. Women, people of aboriginal descent, members of visible minorities, and people with disabilities are invited to identify themselves as members of these designated groups on their applications.
