

## Mathematics

King's University College at The University of Western Ontario, a Catholic Liberal Arts College, invites applications for a **two-year, limited-term appointment in Mathematics** at the rank of Assistant Professor (or Lecturer), effective July 1, 2011, subject to budgetary approval. Candidates should have a Ph.D. or equivalent (or be near completion) and have a record of excellent teaching skills. The ability to teach Mathematics and Actuarial Science will be considered an advantage. Applicants should send a *curriculum vitae*, a teaching portfolio, recent publications, and arrange for three letters of reference to be sent **electronically** to Dr. Ayoub Yousefi, Department of Economics, Business and Mathematics at [jobsearchmath@uwo.ca](mailto:jobsearchmath@uwo.ca). If necessary, applications can also be sent by regular mail to Professor Ayoub Yousefi, Chair, Department of Economics, Business and Mathematics, King's University College, 266 Epworth Avenue, London, Ontario, Canada, N6A 2M3, by **February 28, 2011**. Salary will be commensurate with qualifications and experience. Sponsored by the Roman Catholic Diocese of London, King's University College is an equal opportunity employer. The College welcomes faculty and students from all faiths and backgrounds. All qualified candidates are encouraged to apply; however, Canadians and permanent residents of Canada will be given priority. The King's University College website is <http://www.uwo.ca/kings>.
