

University of Alberta
Department of Mathematical and Statistical Sciences

Assistant Professor - Number Theory

The Department of Mathematical and Statistical Sciences at the University of Alberta invites applications for a tenure track position in Number Theory at the Assistant Professor level. Appointment at a higher level may be possible under exceptional circumstances. We offer an excellent research environment with a normal teaching load of 2.5 courses per year.

The successful candidate will establish his/her own research program, supervise graduate students, and teach at both the graduate and undergraduate levels. Applicants will have a PhD or international equivalent, demonstrated accomplishments and outstanding promise in research as well as a strong commitment to graduate and undergraduate teaching. Fit with the areas of strength in the Department is an asset.

The University of Alberta has one of the leading Mathematics Departments in Canada and has strong connections with other mathematical institutes, such as the Pacific Institute for the Mathematical Sciences (PIMS), Mathematics of Information Technology and Complex Systems (MITACS), the Mathematical Sciences Research Institute (MSRI), and the Banff International Research Station (BIRS). For more information about the Department, please visit our website at www.math.ualberta.ca.

Applicants should submit their curriculum vitae, a research statement, teaching profile outlining experience and interests, and at least three confidential letters of reference. Review of applications will begin on November 14, 2011; however, the competition will remain open until filled. Early applications are encouraged.

Interested applicants may apply online at: <http://www.careers.ualberta.ca/Competition/A113315017>

Competition No. - **A113315017**
Closing Date - **Will remain open until filled.**

All qualified candidates are encouraged to apply; however, Canadians and permanent residents will be given priority. The University of Alberta hires on the basis of merit. We are committed to the principle of equity in employment. We welcome diversity and encourage applications from all qualified women and men, including persons with disabilities, members of visible minorities, and Aboriginal persons.
