The Department of Mathematics at Bishop's University (Sherbrooke, Quebec) invites applications for an **Instructor position in Mathematics** starting July 1, 2012, subject to final budgetary approval. This is an appointment that leads to permanent employment. The teaching-load is equivalent to seven one-semester courses per year. The demonstrated ability to provide high-quality teaching on a variety of topics at the undergraduate level is essential. A genuine interest in curriculum development for service courses (e.g. for Business) would be a definite asset.

Bishop's is a small Liberal Arts University with a beautiful campus nestled in the picturesque Eastern Townships. It has a growing student body of approximately 2200 full-time students and prides itself on teaching excellence and small class size.

Applicants should possess at minimum a Master's degree in Mathematics and should provide a letter of intent, curriculum vitae, and teaching dossier including a statement of teaching philosophy and evidence of teaching effectiveness, plus at least three letters of reference to:

Scosha Merovitz
Chair, Department of Mathematics
Bishop's University
2600 College Street
Sherbrooke
J1M 1Z7
scosha.merovitz@ubishops.ca
Applications will be accepted until February 1, 2012.

In accordance with Canadian immigration requirements, priority will be given to Canadian citizens and permanent residents. All qualified candidates are encouraged to apply. Bishop's University is committed to employment equity and encourages applications from women, aboriginal people, people with disabilities and visible minorities.
