MATHEMATICS

The Department of Mathematics and Statistics of McGill University invites applications for a tenure-track position at the Assistant Professor level in Mathematics. The appointment is to be in the priority area of graph theory, in particular the area of extremal and structural graph theory and graph limits

Candidates must have a doctoral degree at the date of appointment and a strong background in mathematics. They are expected to have demonstrated the capacity for independent research of excellent quality. Selection criteria include research accomplishments, as well as potential contributions to the Department's educational programs at the graduate and undergraduate levels.

Applications must include a curriculum vitae, a list of publications, a research outline, a teaching statement which includes an account of teaching experience, and at least four references (with one addressing the teaching record). Candidates are also encouraged to provide web links for up to three selected reprints or preprints.

Candidates must ensure that letters of reference are submitted to Mathematics Search Committee, Dept. of Mathematics and Statistics, McGill University, 805 Sherbrooke St W Montreal, QC, H3A 0B9 Canada.

To ensure full consideration, complete applications including letters of reference should be received by July 1st 2014.

McGill University is committed to equity in employment and diversity. It welcomes applications from indigenous peoples, visible minorities, ethnic minorities, persons with disabilities, women, persons of minority sexual orientations and gender identities and others who may contribute to further diversification. All qualified applicants are encouraged to apply; however, in accordance with Canadian immigration requirements, priority will be given to Canadian citizens and permanent residents of Canada.
