

The Department of Mathematical and Computational Sciences, University of Toronto Mississauga (UTM), and the Department of Computer and Mathematical Sciences, University of Toronto Scarborough (UTSC), invite applications for tenure-stream appointments in Mathematics. The appointments will be at the rank of Assistant Professor and will commence July 1, 2015.

For the position at UTM, preference will be given to candidates with research expertise in Algebra or Number Theory.

For the position at UTSC, candidates in all areas of Pure Mathematics will be considered.

The University of Toronto is an international leader in mathematics research and education. The successful candidate for this position will be an active member of the Graduate Department of Mathematics at the University of Toronto.

Applicants should have a Ph.D. in Mathematics by the date of appointment, show evidence of excellence in teaching, and must demonstrate excellent accomplishments in research. Salary will be commensurate with qualifications and experience.

Application material for the position should include the candidate's curriculum vitae including a list of publications, a research statement, a teaching statement, and the AMS Standard Cover Sheet. Candidates should arrange to have at least four letters of reference, including at least one primarily addressing the candidate's teaching, sent directly by the writers. Applications should be submitted online through MathJobs, <http://www.mathjobs.org/jobs/jobs/6243>. To receive full consideration, applications should be received by November 1, 2014.

For more information, please see our websites, <http://www.math.toronto.edu/> and <http://www.utm.utoronto.ca/math-cs-stats/>, and <http://www.utsc.utoronto.ca/cms/computer-science-mathematics-statistics>.

The University of Toronto offers the opportunity to teach, conduct research, and live in one of the most diverse metropolitan areas in the world. The University of Toronto is strongly committed to diversity within its community and especially welcomes applicants from visible minority group members, women, Aboriginals, persons with disabilities, members of sexual minority groups, and others who may contribute to the further diversification of ideas. All qualified candidates are encouraged to apply; however, Canadians and permanent residents will be given priority.
