FULL-TIME SESSIONAL POSITION IN MATHEMATICAL SCIENCES

The Department of Mathematical Sciences in Trinity Western University's Faculty of Natural and Applied Sciences invites applications for an ongoing full-time sessional teaching position. Classes begin on September 9, 2015. The position involves teaching multiple sections of Mathematics for Business (Math 101) each semester and one or more other undergraduate mathematics courses annually, likely including statistics. Applicants should have a graduate degree in mathematics, statistics, or a related field. Those interested in a part-time appointment are also invited to apply.

Subject to personnel and budget considerations, there is a strong possibility of converting this position to a tenure-track position, for which the successful applicant should have a Ph.D. in mathematics or statistics and be capable of establishing an active research program.

Interested candidates are requested to complete the on-line application at http://www.twu.ca/divisions/hr/join/faculty-positions.html. In addition to your curriculum vitaé please include documentation outlining interests, experience, major contributions to teaching, teaching evaluation(s) if available, as well as verification of your degree. Applications will be accepted until a suitable candidate is found, subject to budget approval. Inquiries regarding this position may be sent to Dr. Arnold Sikkema, Chair of the Mathematical Sciences Department at Arnold.Sikkema@twu.ca.

Trinity Western University is a liberal arts university and seeks candidates who are committed to and support its evangelical Christian basis, mission and orientation. More information about Trinity Western's Department of Mathematical Sciences can be found at www.twu.ca/academics/science/mathematics.

All qualified candidates are encouraged to apply; however, Canadians and permanent residents will be given priority.
