

The University of Toronto invites applications for three tenure-stream appointments in Mathematics. Each is with the [tri-campus](#) Graduate Department of Mathematics and one of two affiliated undergraduate departments: Department of Computer and Mathematical Sciences, University of Toronto Scarborough (UTSC); and Department of Mathematics, University of Toronto St. George (UTSG). All appointments will commence July 1, 2016.

We seek candidates with research expertise in Applied Mathematics. Appointments will be at the rank of Assistant Professor (UTSC and UTSG) and Associate Professor (UTSC).

Candidates for positions at the rank of Assistant Professor must hold a Ph.D. in Mathematics, by the time of the appointment or shortly thereafter, show evidence of excellence in teaching and demonstrate excellence in research. Evidence of excellence in research will be demonstrated by publications in top ranked and field-relevant academic journals, presentations at top conferences, research awards and accolades, and strong endorsements by referees of top international stature.

Candidates for Associate Professor must hold a Ph.D. in Mathematics. A successful candidate must demonstrate a mature research program with a sustained record of research contributions at the highest international levels, expected of a leading researcher, as judged by publications in top ranked and field-relevant academic journals, invited presentations at top international conferences, research awards and accolades, and exceptional endorsements by referees of the highest international stature.

Evidence for teaching excellence at all ranks will be demonstrated through positive teaching accomplishments and accolades, strong letters of reference, and a reflective teaching dossier with outstanding course evaluations.

The University of Toronto is an international leader in Mathematics research and education. We seek exceptional candidates who would complement and broaden our existing strengths. Successful candidates are expected to pursue independent, innovative research at the highest international level, to have a strong commitment to undergraduate and graduate teaching, and to participate actively in the Graduate Department of Mathematics.

Salary and rank will be commensurate with qualifications and experience.

Application material for the position should be submitted online through MathJobs, <http://www.mathjobs.org/jobs/jobs/7823>. It should include the candidate's cover letter, curriculum vitae, a list of publications, a research statement, a teaching dossier, the AMS Standard Cover Sheet, and at least four letters of reference sent directly by the writers, including at least one primarily addressing the candidate's teaching. To receive full consideration, application material should be received by November 23, 2015.

For more information, please see our websites, <http://www.math.toronto.edu/>, and <http://www.utsc.utoronto.ca/cms/>.

The University of Toronto offers the opportunity to teach, conduct research, and live in one of the most diverse metropolitan areas in the world. The University of

Toronto is strongly committed to diversity within its community and especially welcomes applicants from visible minority group members, women, Aboriginals, persons with disabilities, members of sexual minority groups, and others who may contribute to the further diversification of ideas.

All qualified candidates are encouraged to apply; however, Canadians and permanent residents will be given priority.
