

The University of Manitoba
Faculty of Science
Department of Mathematics
Assistant Professor

Position Number 21158 (Approximation Theory/Modern Analysis/Numerical Analysis)

The Department of Mathematics at the University of Manitoba invites applications for a tenure-track position at the Assistant Professor level, commencing 1 July 2016, or as soon as possible thereafter. Minimum qualifications are a Ph.D. in Mathematics. The successful candidate will have: a record of excellence in research and successful undergraduate teaching, or the clear potential to develop a strong independent program of research, and a commitment to undergraduate teaching excellence; a firm commitment to graduate student instruction and supervision; and a commitment to service. The appointment is expected to be in one of the following areas: approximation theory; modern analysis; numerical analysis. The search committee will also consider applications from exceptional candidates in any area of mathematics. The Department is especially interested in candidates whose research complements or overlaps with the Department's existing areas of research strength. For more information about the Department, please visit <http://www.math.umanitoba.ca>.

Review of applications will begin 15 January 2016, and will continue until the position is filled. In all correspondence, applicants must refer to position number #21158. Applicants are encouraged to apply via MathJobs.org. Alternatively, applications can be submitted by email to the address given below; PDF files are preferred. All applicants should provide a curriculum vitae together with statements concerning research plans and teaching philosophy, as well as evidence of teaching quality, if available. Applicants should also arrange for at least three letters of reference (one of which should address teaching) to be submitted. For those applying via MathJobs.org, letters of reference should be uploaded by 15 January 2016. For those applying by email, the letters of reference should be emailed to math_search@umanitoba.ca and should arrive by 15 January 2015. All letters of reference should be addressed as follows:

Steve Kirkland
Chair of the Search Committee
Department of Mathematics
University of Manitoba
Winnipeg, MB Canada R3T 2N2.

The University of Manitoba is strongly committed to equity and diversity within its community and especially welcomes applications from women, members of racialized communities, Indigenous persons, persons with disabilities, persons of all sexual orientations and genders, and others who may contribute to the further diversification of ideas. All qualified candidates are encouraged to apply; however, Canadian citizens and permanent residents will be given priority.

Application materials, including letters of reference, will be handled in accordance with the protection of privacy provisions of "The Freedom of Information and Protection of Privacy" (Manitoba). Please note that application materials may be provided to participating members of the search process.
