

The Department of Mathematics in the University of Toronto invites applications for a full-time tenure-stream appointment in mathematics with a research specialty in Pure Mathematics. The appointment will be at the rank of Assistant Professor and will commence July 1, 2017.

Applicants must hold a recent Ph.D. in Mathematics by the time of appointment, or shortly thereafter. All applicants must show evidence of excellence in teaching, and demonstrate excellence in research. Excellence in research will be demonstrated by publications in top ranked and field relevant academic journals, presentations at significant conferences, awards and accolades, and strong endorsements by referees of top international stature. Evidence for excellence in teaching will be provided through teaching accomplishments, strong letters of reference, and a teaching dossier with outstanding course evaluations submitted as part of the application.

The University of Toronto is an international leader in Mathematics research and education. We seek exceptional candidates who would complement our existing strengths (<https://www.math.toronto.edu/cms/Faculty>). Successful candidates are expected to pursue independent, innovative research at the highest international level, to have a strong commitment to undergraduate and graduate teaching, and to participate actively in the Graduate Department of Mathematics.

Salary will be commensurate with qualifications and experience.

Application material for the position should be submitted online through MathJobs, <http://www.mathjobs.org/jobs/jobs/9349>. It should include the candidate's curriculum vitae, a list of publications, a research statement, a teaching dossier, the AMS Standard Cover Sheet, and at least four signed letters of reference sent directly by the writers (on letterhead, signed, and scanned), including at least one primarily addressing the candidate's teaching. Application material should be received by the closing date of December 15, 2016.

If you have any questions about this position, please contact: [mathjobs@math.utoronto.ca](mailto:mathjobs@math.utoronto.ca).

For more information, please see our website, <http://www.math.toronto.edu>

The University of Toronto offers the opportunity to teach, conduct research, and live in one of the most diverse metropolitan areas in the world.

The University of Toronto is strongly committed to diversity within its community and especially welcomes applications from racialized persons/persons of colour, women, indigenous/Aboriginal People of North America, persons with disabilities, LGBTQ persons, and others who may contribute to the further diversification of ideas.

All qualified candidates are encouraged to apply; however Canadians and permanent residents will be given priority.
