

## Faculty position in Mathematics

The Department of Mathematics and Statistics at the American University of Sharjah invites applications for a faculty position in mathematics at the rank of Assistant or Associate Professor beginning August 2018, subject to budgetary approval. Applicants with a strong research potential in all areas of mathematics will be considered. While the area of specialization is open, candidates with research interests in pure mathematics are encouraged to apply.

Candidates are required to have a Ph.D. in mathematics. Evidence of strong research potential, excellence in teaching at all levels of the curriculum and strong communication skills in English are expected. Experience in American-style higher education is an advantage.

Interested applicants should submit a cover letter, a curriculum vitae, a statement of research, a statement of teaching philosophy, and at least three letters of recommendation (one of which addresses teaching) via <https://tinyurl.com/yce7595r> . Complete applications should be received by November 19, 2017 in order to receive full consideration. However, applications received after the deadline might be given consideration until the position is filled.

The Department of Mathematics & Statistics at AUS offers a master of science in mathematics, an undergraduate degree in mathematics, a minor in applied and computational mathematics, and a minor in actuarial mathematics. It provides courses in service to almost every academic program campus-wide. The department currently consists of 28 full time faculty members who are actively engaged in original research in different areas of mathematics and statistics. The teaching load is nine credit hours per semester. More information about the Department of Mathematics and Statistics can be obtained from <http://www.aus.edu/cas/doms>.

The American University of Sharjah (AUS) was founded in 1997 by His Highness Sheikh Dr. Sultan Bin Mohammad Al Qassimi, Member of the Supreme Council of the United Arab Emirates and Ruler of Sharjah, who envisioned the university as a leading educational institution in the Gulf region. AUS is an independent, not-for-profit coeducational institution. Based upon American institutions of higher education, AUS is a leading comprehensive university in the Gulf, serving some 6000 students of 92 nationalities.

AUS is accredited by the Commission on Higher Education of the Middle States Association of Colleges and Schools and licensed in the United States by the Department of Education of the State of Delaware. The university is also licensed by the UAE Ministry of Higher Education and Scientific Research, and all undergraduate and graduate programs have been awarded either full or initial accreditation.

The university offers competitive tax-free salary and excellent benefits' package.

Further information about AUS can be obtained from <http://www.aus.edu>.
