

**Actuarial Science
Assistant Professor (Tenure Track)**

The Department of Mathematics & Statistics at the University of Regina invites applications for a tenure-track faculty position at the Assistant Professor level in Actuarial Science, starting July 1, 2018. The successful candidate is expected to teach a regular load of undergraduate and/or graduate courses in the program each year, conduct research, supervise graduate students, and participate in public service and administrative duties, including assisting with the department's actuarial internship program. In cases where a candidate does not hold a PhD, professional actuarial involvement could be considered a substitute for conducting research and supervising graduate students.

More information about the Actuarial Science program and the Department of Mathematics and Statistics is available at: <http://www.uregina.ca/science/mathstat>

More information about the Faculty of Science is available at: <http://www.uregina.ca/science/>

Qualifications:

Ideally the successful applicant will hold both a PhD and Fellowship in the Society of Actuaries or Casualty Actuarial Society. However, we will also consider applicants who are either:

1. A Fellow of the Society of Actuaries or a Fellow of the Casualty Actuarial Society with related work experience and a Master's degree. Or
2. An Associate of the Society of Actuaries or an Associate of the Casualty Actuarial Society, with also a PhD. in an area of study related to actuarial science.

A successful candidate with a Ph.D. degree is expected to develop an independent research program in the area of actuarial science or a closely related field.

Candidates must apply online at <https://urcareers.uregina.ca> and submit a cover letter, a curriculum vitae, a description of their most significant research contributions, a statement of research plans, and a statement of teaching interests.

Names and email addresses of three references are to be sent directly to the Chair of the Search Committee Mr. Peter Douglas at peter.douglas@uregina.ca

Review of applications will begin: November 15, 2017

All qualified candidates are encouraged to apply; however, Canadians and permanent residents will be given priority. The University of Regina is committed to achieving a representative workforce. Qualified diversity group members are encouraged to self identify on their application.
