Assistant Professor (Tenure Track)

The Department of Mathematics & Statistics at the University of Regina invites applications for a tenure-track faculty position at the rank of Assistant Professor, in Algebraic Topology or a closely related area, starting July 1, 2018.

The Department seeks applicants whose research both aligns with and complements research in Algebraic Topology within the Department. The successful applicant will be an individual who has an independent research program, has the ability to make a substantial research impact over the course of a career, and whose application demonstrates the ability to attract and maintain external funding in Mathematics. Applicants must demonstrate the ability to attract, supervise, and mentor graduate and undergraduate students studying Mathematics, and possess the skills for high-quality teaching at the undergraduate and graduate levels. The duties for the position include research, teaching, and service. The successful applicant will be expected to be able to work collegially with others in performing these duties.

More information about the Department of Mathematics and Statistics is available at:
http://www.uregina.ca/science/mathstat

More information about the Faculty of Science is available at: http://www.uregina.ca/science/

To Apply:
Applicants should submit a Cover Letter (up to 2 pages), Curriculum Vitae, Statement of Teaching Philosophy (up to 2 pages), and a Research Statement summarizing their most significant contributions and research plan (up to 5 pages plus references) online at https://urcareers.uregina.ca
and arrange for at least three Letters of Reference emailed with Subject: "Tenure Track Algebraic Topology - (Candidate's Name)" to the Chair of the Search Committee:
Dr. Allen Herman Allen.Herman@uregina.ca
At least one letter of reference should address the Candidate's teaching abilities.

Closing date for applications: February 15, 2018

All qualified candidates are encouraged to apply; however, Canadians and permanent residents will be given priority. The University of Regina is committed to achieving a representative workforce. Qualified diversity group members are encouraged to self identify on their application.
