

The Department of Mathematical and Computational Sciences at the University of Toronto Mississauga (UTM) invites applications for a tenure-stream appointment in Mathematics. The appointments will be at the rank of Assistant Professor and will commence July 1, 2018.

Strong preference will be given to candidates working in the area of Differential Geometry. The successful candidate will also be a member of the tri-campus graduate Department of Mathematics at the University of Toronto.

Applicants must have a Ph.D. in Mathematics or a related field by the date of appointment or shortly thereafter, and demonstrate an emerging record of excellence in research and teaching. The successful candidate will be expected to mount innovative research at the highest international level and establish an outstanding, externally funded research program. Excellence in research will be demonstrated by a record of sustained contributions and publications in top ranked mathematics journals, presentations at significant conferences, awards and accolades, and strong endorsements by referees of top international stature.

Evidence for excellence in teaching must be provided through teaching accomplishments, strong letters of reference, and the teaching statement submitted as part of the application.

The University of Toronto is an international leader in Mathematics research and education. We seek exceptional candidates who would complement our existing strengths.

Salary will be commensurate with qualifications and experience.

Application material should include the candidate's curriculum vitae, a list of publications, a research statement, a teaching statement, and at least four letters of reference sent directly by the writers (on letterhead, signed and scanned), including at least one primarily addressing the candidate's teaching to [jobsmcs.utm@utoronto.ca](mailto:jobsmcs.utm@utoronto.ca) with the subject line "Differential Geometry". Review of applications will begin on March 15, 2018, but applications will be accepted until the position is filled.

Submission guidelines can be found at: <http://uoft.me/how-to-apply>. We recommend combining attached documents into one or two files in PDF/MS Word files.

For more information, please see our websites, <http://www.utm.utoronto.ca/math-cs-stats/> and <http://www.math.toronto.edu/>.

The University of Toronto offers the opportunity to teach, conduct research, and live in one of the most diverse metropolitan areas in the world.

The University of Toronto is strongly committed to diversity within its community and especially welcomes applications from racialized persons / persons of colour, women, Indigenous / Aboriginal People of North America, persons with disabilities, LGBTQ persons, and others who may contribute to the further diversification of ideas.

All qualified candidates are encouraged to apply; however, Canadians and permanent residents will be given priority.
