

Mathematical & Computational Sciences
UNIVERSITY OF TORONTO
MISSISSAUGA

The Department of Mathematical and Computational Sciences at the University of Toronto Mississauga (UTM) invites applications for up to two tenure-stream appointments in the area of Pure Mathematics. The appointments will be at the rank of Assistant Professor, and will commence on July 1, 2019, or shortly thereafter.

Candidates in all areas of Pure Mathematics will be considered. The successful candidate will also be a member of the tri-campus graduate Department of Mathematics at the University of Toronto.

Applicants must have a Ph.D. degree in Mathematics or a related area by the time of appointment, or shortly thereafter, with a demonstrated record of excellence in research and teaching. We seek exceptional candidates whose research and teaching interests complement and enhance our existing departmental strengths (see our websites at <http://www.utm.utoronto.ca/math-cs-stats/> and <http://www.math.toronto.edu/>). The successful candidate will be expected to pursue innovative and independent research at the highest international level and establish an outstanding, competitive, and externally funded research program.

Candidates must provide evidence of research excellence as demonstrated by a record of publications in top-ranked Mathematics journals or forthcoming publications meeting high international standards, the submitted research statement, presentations at significant conferences, awards and accolades, and strong endorsements from referees of high standing.

Evidence of excellence in teaching will be provided through teaching accomplishments, the teaching dossier, a teaching statement, sample course syllabi, and the teaching evaluations submitted as part of the application, as well as strong letters of reference.

Salary will be commensurate with qualifications and experience.

The University of Toronto is an international leader in Mathematics research and education. It offers the opportunity to teach, conduct research, and live in one of the most diverse metropolitan areas in the world. For more information, please see our websites, <http://www.utm.utoronto.ca/math-cs-stats/> and <http://www.math.toronto.edu/>.

All qualified candidates are invited to apply through MathJobs at <https://www.mathjobs.org/jobs/jobs/12450>. Applicants must submit a cover letter; a current curriculum vitae; a list of publications; a research statement outlining current and future research interests; and a teaching dossier to include a teaching statement, sample course syllabi, and teaching evaluations. Applicants must also arrange to have at least four valid letters of reference (on letterhead, dated and signed) uploaded through MathJobs directly by the writers, including at least one primarily addressing the candidate's teaching, by the closing date.

Review of applications will begin after November 15, 2018; however applications will be accepted until the position is filled. For additional enquiries, please contact Julia Martyn, Chair's Assistant, at julia.martyn@utoronto.ca.

The University of Toronto is strongly committed to diversity within its community and especially welcomes applications from racialized persons / persons of colour, women, Indigenous / Aboriginal People of North America, persons with disabilities, LGBTQ persons, and others who may contribute to the further diversification of ideas.

All qualified candidates are encouraged to apply; however, Canadians and permanent residents will be given priority.
