

Point to Point *adventure in teaching*

Calling All Maths Teachers!!

Here at Point to Point Education, we work with teachers around the world to help find their dream roles. Right now, we have 25 Maths positions available in Secondary schools across England for January 2019 starts. Whether you are an experienced teacher looking for a new challenge, or a newly qualified teacher ready for the next adventure, we will work to find the perfect position for you.

We have positions available in London, Kent, Cambridgeshire, Surrey and Birmingham along with many other locations. Our schools offer support, training and professional development opportunities to develop your careers – we work hard to find the best school for you.

At Point to Point, we work for free for teachers and are a family run teacher agency, run by teachers who have all taught internationally. We are endorsed by the Department of Education in England for the Provision of International Teacher Recruitment. We work with you to get you from Point A to Point Believe. We will prepare you for interviews by doing practice runs, assist with finding accommodation and opening bank accounts and easing you into life in the UK.

If you or anyone you know might be interested, please contact me on amelia@pointtopointeducation.com or visit <https://www.pointtopointeducation.com/instant-assessment/>

Have a look at the video below to find out what makes our teachers LOVE teaching in the UK!
