UNIVERSITY

Faculty of  
**Science and  
Environmental Studies**

**Date of Posting:** March 14, 2019

**Department of Mathematical Sciences  
- Limited Term Appointments (Barrie)**

The Department of Mathematical Sciences at Lakehead University invites applications for two (2) Limited Term Appointments at the rank of Assistant Professor. Both positions are at the Lakehead-Georgian (Barrie) campus. The first position is for a three-year term, the second is for a nine-month term. Applicants for the three-year position will automatically be considered for the nine-month position as well. These appointments will commence on August 15, 2019 and salary will be dependent on qualifications and experience.

Lakehead is a comprehensive university with a reputation for innovative programs and cutting-edge research. With campuses located in Thunder Bay and Orillia, Lakehead has approximately 10,000 students and 2,160 faculty and staff. With an emphasis on collaborative learning and independent critical thinking and a multidisciplinary teaching approach, Lakehead offers a variety of degree and diploma programs at the undergraduate, graduate, and doctoral levels through its ten faculties, including Business Administration, Education, Engineering, Health and Behavioural Sciences, Natural Resources Management, Science and Environmental Studies, Social Sciences and Humanities, Graduate Studies, the Northern Ontario School of Medicine (West Campus) and Ontario's newest Faculty of Law. For further information, please visit: [www.lakeheadu.ca](http://www.lakeheadu.ca).

For further information, please contact Andrew J. Dean, Chair of the Department of Mathematical Sciences at [andrew.j.dean@lakeheadu.ca](mailto:andrew.j.dean@lakeheadu.ca). Detailed information on the School and our programs is available at: <https://www.lakeheadu.ca/academics/departments/math>

Applicants should have a strong interest in teaching and demonstrated potential for scholarly research. Candidates for these positions should possess or be nearing completion of a Ph.D. degree in Mathematics.

Review of applications will begin on May 1, 2019 and will continue until the positions are filled. The electronic application (in the form of one PDF document) should include: a letter of interest, curriculum vitae, evidence of teaching effectiveness (including a statement of teaching philosophy, course outlines and teaching evaluations for previously-taught courses), a statement of a research plan (current and future interests), copies of the three most significant publications, and the names and contact information of three references.

Applicants should submit their electronic application to:
