

## **Britton Post-Doctoral Fellowship In Mathematics**

Applications are invited for the Britton Postdoctoral Fellowship in the Department of Mathematics and Statistics at McMaster University named after our former colleague Dr. Ronald F. Britton. This fellowship provides an opportunity to spend up to three years engaged in research, with a limited amount of teaching, and are particularly suitable for talented mathematicians who have recently completed the Ph.D. To learn more about the department, please visit [our web page](#).

The Fellowship is open to candidates of any nationality and selection will be based upon the candidate's research potential. Research areas of particular interest include Geometry and Topology of Manifolds, Gauge Theory, and Group Actions. The fellowship normally starts July 1, 2007 and the annual stipend is \$42,000 plus a \$5,000 grant for research expenses.

Candidates are required to apply for these fellowships by using the MathJobs website by January 3, 2007. See our application at [www.mathjobs.org](http://www.mathjobs.org)

Applicants should provide at least three letters of recommendation. At least one of these letters should report on the candidate's teaching abilities. Preferably these letters will be submitted through the MathJobs website (see above); they may also be sent directly to either:

Dr. Bradd Hart  
Chair  
c/o Britton Postdoctoral Fellowship Applications  
Mathematics & Statistics  
McMaster University  
Hamilton, ON L8S 4K1  
CANADA

OR

Dr. I. Hambleton  
Britton Professor of Mathematics  
c/o Britton Postdoctoral Fellowship Applications  
Mathematics & Statistics  
McMaster University  
Hamilton, ON L8S 4K1  
CANADA

We appreciate all replies to this advertisement, but applications will not be acknowledged. McMaster is committed to Employment Equity and encourages applications from all qualified candidates, including aboriginal peoples, persons with disabilities, members of visible minorities and women.

## **Canada Research Chair Post-Doctoral Fellowship In Mathematics**

Applications are invited for the Canada Research Chair Postdoctoral Fellowship in the Department of Mathematics and Statistics at McMaster University. This fellowship provides opportunities to spend up to three years engaged in research, with a limited amount of teaching, and is particularly suitable for talented mathematicians who have recently completed the Ph.D To learn more about the department, please visit [our web page](#).

The Fellowship is open to candidates of any nationality and selection will be based upon the candidate's research potential. Fellowship holders will work under the supervision of Dr. Walter Craig, a holder of a Canada Research Chair in Mathematics at McMaster University. Research areas of particular interest include Analysis, Partial Differential Equations, Hamiltonian Dynamical Systems and Applied Mathematics. The fellowship normally starts July 1, 2007 and the annual stipend is \$42,000 plus a \$5,000 grant for research expenses.

Candidates are required to apply for these fellowships by using the MathJobs website by January 3, 2007. See our application at [www.mathjobs.org](http://www.mathjobs.org) Applicants should provide at least three letters of recommendation. At least one of these letters should report on the candidate's teaching abilities. Preferably these letters will be submitted through the MathJobs website (see above); they may also be sent directly to either:

Dr. Bradd Hart  
Chair  
c/o CRC Postdoctoral Fellowship Applications  
Mathematics & Statistics  
McMaster University  
Hamilton, ON L8S 4K1  
CANADA

OR

Dr. W. Craig  
c/o CRC Postdoctoral Fellowship Applications  
Mathematics & Statistics  
McMaster University  
Hamilton, ON L8S 4K1  
CANADA

We appreciate all replies to this advertisement, but applications will not be acknowledged. McMaster is committed to Employment Equity and encourages applications from all qualified candidates, including aboriginal peoples, persons with disabilities, members of visible minorities and women.

## **McKay Post-Doctoral Fellowship In Mathematics**

Applications are invited for the McKay Post-Doctoral Fellowship in Mathematics, named after Dr. A.C. McKay, a former Dean and Chancellor of McMaster University. These fellowships provide an opportunity to spend up to three years engaged in research, with a limited amount of teaching, and are particularly suitable for talented mathematicians who have recently completed the Ph.D. degree.

The McKay Fellowship is open to candidates of any nationality and selection will be based upon the candidate's research potential. Research areas of particular interest include Harmonic Analysis, Linear and Nonlinear Partial Differential Equations. The fellowship normally starts July 1, 2007 and the annual stipend is \$42,000 plus a \$5,000 grant for research expenses.

Candidates are required to apply for these fellowships by using the MathJobs website by January 3, 2007. See our application at [www.mathjobs.org](http://www.mathjobs.org)

Applicants should provide at least three letters of recommendation. At least one of these letters should report on the candidate's teaching abilities. Preferably these letters will be submitted through the MathJobs website (see above); they may also be sent directly to either:

Dr. B. Hart  
Chair  
Mathematics & Statistics  
McMaster University  
Hamilton, ON L8S 4K1  
CANADA  
OR

Dr. E. Sawyer  
McKay Professor of Mathematics  
Mathematics & Statistics  
McMaster University  
Hamilton, ON L8S 4K1  
CANADA

We appreciate all replies to this advertisement, but applications will not be acknowledged. McMaster is committed to Employment Equity and encourages applications from all qualified candidates, including aboriginal peoples, persons with disabilities, members of visible minorities and women.

## **Post-Doctoral Fellowships In Mathematics and Statistics**

Applications are invited for postdoctoral fellowship positions in the Department of Mathematics and Statistics at McMaster University. These fellowships provide an opportunity to spend either two or three years engaged in research, depending on funding and the needs of different research groups, with a limited amount of teaching. These positions are particularly suitable for talented mathematicians who have recently completed the Ph.D. degree. To learn more about the department, please visit [our web page](#).

The fellowships are open to candidates of any nationality and selection will be based upon the candidate's research potential. The fellowship normally starts July 1, 2007 and the annual stipend is \$40,000 plus a \$2,000 grant for research expenses. Candidates are required to apply for these fellowships by using the MathJobs website by January 3, 2007. See our application at [www.mathjobs.org](http://www.mathjobs.org)

Applicants should provide at least three letters of recommendation. At least one of these letters should report on the candidate's teaching abilities. Preferably these letters will be submitted through the MathJobs website (see above); they may also be sent directly to:

Dr. Bradd Hart  
Chair  
c/o Postdoctoral Fellowship Applications  
Mathematics & Statistics  
McMaster University  
Hamilton, ON L8S 4K1  
CANADA
