University of Alberta
Department of Mathematical and Statistical Sciences

Actuarial Science

The Department of Mathematical and Statistical Sciences at the University of Alberta invites applications for a tenure-track position at the Assistant Professor level in Actuarial Science. Under exceptional circumstances, appointments at higher level would be considered. We are looking for a candidate with a PhD degree, strong research record, excellent communication and teaching skills, and leadership potential. We offer an excellent research environment with a normal teaching load of three courses per year.

Preference will be given to candidates who are Associates or Fellows of the Society of Actuaries, but we will also consider candidates who have nearly completed the requirements of the Associateship.

Applications should include a curriculum vitae and a teaching profile outlining experience and/or interest. Candidates should arrange for at least three confidential letters of reference to be sent to the Chair at the address below:

Prof. Arturo Pianzola, Chair
Department of Mathematical and Statistical Sciences
University of Alberta
Edmonton, Alberta T6G 2G1
Canada

Electronic submissions should be directed to chairsec@math.ualberta.ca. The closing date for applications is January 15, 2007, or until a suitable candidate is found. Early applications are encouraged.

Please Note: Applicants being considered will generally be contacted within 3-4 weeks of the deadline date. Those not contacted are thanked for their interest and encouraged to apply for future positions advertised by the University.

All qualified candidates are encouraged to apply; however, Canadians and permanent residents will be given priority.

The University of Alberta hires on the basis of merit. We are committed to the principle of equity in employment. We welcome diversity and encourage applications from all qualified women and men, including persons with disabilities, members of visible minorities, and Aboriginal persons.
