University of Alberta Department of Mathematical and Statistical Sciences

Statistics Position

The Department of Mathematical and Statistical Sciences at the University of Alberta invites applications at the Assistant Professor level in Statistics starting July 1, 2007. A PhD in Statistics is required. Under exceptional circumstances, appointments at higher level would be considered. Current areas of research strength in the Department include mathematical statistics, probability, design of experiments, robustness, multivariate analysis, biostatistics and statistical ecology. There is ample scope and encouragement within our Department to foster both the theoretical aspects of Statistics, as well as interdisciplinary ventures, such as those with our Centre for Mathematical Biology.

Applicants are expected to possess a strong research record, research leadership potential and excellent communication skills. The successful candidate must have a strong commitment to excellence in undergraduate and graduate education in statistics.

Applications should include a curriculum vitae and a teaching profile outlining experience and/or interests. Candidates should arrange for at least three confidential letters of reference to be sent to the Chair at the address below:

Arturo Pianzola, Chair
Department of Mathematical and Statistical Sciences
University of Alberta
Edmonton, Alberta T6G 2G1
Canada

The closing date for applications is January 15, 2007, or until a suitable candidate is found. Early applications are encouraged.

Records arising from this competition will be managed in accordance with provisions of the Alberta Freedom of Information and Protection of Privacy Act (FOIPP).

The University of Alberta hires on the basis of merit. We are committed to the principle of equity in employment. We welcome diversity in the workplace and encourage applications from all qualified women and men, including aboriginal peoples, persons with disabilities, and members of visible minorities.

For more information about the Department and the University of Alberta, please see the department's web page: http://www.math.ualberta.ca

Please Note: Applicants being considered will generally be contacted within 3-4 weeks of the deadline date. Those not contacted are thanked for their interest and encouraged to apply for future positions advertised by the University.
