

McGill

Department of Mathematics and Statistics

The Department of Mathematics and Statistics invites applications for a tenure-track position in discrete mathematics or continuous optimization. While the appointment is expected to be made at the level of an Assistant Professor, the Department would consider applicants for a senior position.

The candidate must have a doctoral degree at the date of appointment. They are also expected to have demonstrated the capacity for independent research of excellent quality. Selection criteria include research accomplishments, as well as potential contributions to the educational programs of the Department at the graduate and undergraduate levels.

Applications with a curriculum vitae, a list of publications, a research outline, an account of teaching experience, a statement on teaching, and the names, phone numbers and e-mail addresses of at least four references (with one addressing the teaching record) should be sent to:

Professor Bruce Shepherd
Chair, Discrete Mathematics or Continuous Optimization Search Committee
Department of Mathematics and Statistics
McGill University
805 Sherbrooke Street West
Montreal QC H3A 2K6 Canada

Candidates must arrange to have the letters of recommendation sent directly to the above address. Candidates are encouraged to include copies of up to three selected reprints or preprints with their applications.

To ensure full consideration, applications must be received by
January 15, 2008.

To facilitate notification of the outcome of the search, candidates should send an email to the address DMCOSearch08@math.mcgill.ca at the time of application.

McGill University is committed to equity in employment and diversity. It welcomes applications from indigenous peoples, visible minorities, ethnic minorities, persons with disabilities, women, person of minority sexual orientations and gender identities and others who may contribute to further diversification. All qualified applicants are encouraged to apply; however, in accordance with Canadian immigration requirements, priority will be given to Canadian citizens and permanent residents of Canada.
