

Ribenboim Prize in Number Theory

The Canadian Number Theory Association (CNTA) solicits nominations for the Fifth Ribenboim Prize, for distinguished research in number theory by a mathematician who is Canadian or has connections to Canadian mathematics. This prize is normally awarded every 2-4 years in conjunction with a CNTA meeting. The intention is to award the next prize at the 10th CNTA meeting to be held from July 13-18, 2008 in Waterloo.

<http://www.fields.utoronto.ca/programs/scientific/08-09/CNTAX/>

The prize winner will receive a certificate and medal and will give a plenary talk at the CNTA meeting. Normally the prize winner will have received his or her Ph.D. within the last 12 years. Nominators should submit a letter of nomination, a citation of not more than 250 words, stating why the nominee should receive the award, a curriculum vitae of at most 20 pages, including a list of publications, and the names of 3 potential referees to the committee by March 1, 2008.

Electronic submission in pdf format to Cameron Stewart <cstewart@uwaterloo.ca> is preferred.
