

McGill

Department of Mathematics and Statistics

The Department of Mathematics and Statistics invites applications for a 10 month limited term position as Assistant Professor (Special Category) in applied mathematics, beginning in August 2008.

The successful candidate will be required to teach 3 courses of which at least two will be in the area of numerical analysis. It is also hoped that they will participate actively in the research life of the applied mathematics group.

Candidates must have a doctoral degree at the date of appointment and a strong background in mathematics. They are expected to have a record of demonstrably successful teaching.

Applications must include a curriculum vitae, a list of publications, an account of teaching experience, a statement on teaching, and the names, phone numbers and e-mail addresses of at least three references (with two addressing the teaching record). Ideally, submissions and references should be made through MathJobs.Org, but they may also be mailed to:

Professor G. Schmidt
Chair, Applied Mathematics Search Committee
Department of Mathematics and Statistics
McGill University
805 Sherbrooke St. West
Montreal QC H3A 2K6 Canada

The candidate must ensure that letters of reference are submitted either through MathJobs.Org or to the above address.

To ensure full consideration, applications must be received by June 30, 2008. The position is subject to final budgetary approval.

McGill University is committed to equity in employment and diversity. It welcomes applications from indigenous peoples, visible minorities, ethnic minorities, persons with disabilities, women, persons of minority sexual orientations and gender identities and others who may contribute to further diversification. All qualified applicants are encouraged to apply; however, in accordance with Canadian immigration requirements, priority will be given to Canadian citizens and permanent residents of Canada.
