

McGill

Department of Mathematics and Statistics

The Department of Mathematics and Statistics invites applications for a non-tenure-track Faculty Lecturer position starting on January 1, 2009. The duties include teaching and coordinating multi-section courses, serving as the chief undergraduate student advisor of the department and will include further extensive administrative duties. The applicant should be committed to holding the position in the long term.

The candidate must have a doctoral degree in Mathematics or Statistics at the date of appointment and some teaching experience. Excellent communication and inter-personal skills are a requirement. Salary will be commensurate with qualifications.

Applications must include a curriculum vitae, a list of publications, an account of teaching philosophy and experience, the names, phone numbers and e-mail addresses of at least four references with a minimum of two addressing the teaching record. Ideally, submissions and references should be made through MathJobs.Org, but they may also be mailed to:

Professor Stephen Drury
Chair, Faculty Lecturer Search Committee
Department of Mathematics and Statistics
McGill University
805 Sherbrooke Street West
Montreal QC H3A 2K6 Canada

In either case, candidates are responsible for ensuring that their referees' letters are received. To ensure full consideration, applications must be complete by September 1, 2008.

McGill University is committed to equity in employment and diversity. It welcomes applications from indigenous peoples, visible minorities, ethnic minorities, persons with disabilities, women, persons of minority sexual orientations and gender identities and others who may contribute to further diversification. All qualified applicants are encouraged to apply; however, in accordance with Canadian immigration requirements, priority will be given to Canadian citizens and permanent residents of Canada.
