

Tenure-Track Assistant Professor Position

School of Mathematics and Statistics, Carleton University

The School of Mathematics and Statistics at Carleton University invites applications for a tenure-track faculty position at the rank of Assistant Professor in pure mathematics with specialization in analysis, starting July 1, 2011. Applicants should have a Ph.D. in mathematics and a strong commitment to excellence in research and teaching. The School is particularly interested in broadly based individuals who are active in an area of modern functional analysis or abstract harmonic analysis, with connections to quantum physics and applications such as quantum information theory or quantum computing. However, the primary and fundamental criterion will be excellence and strength in theoretical analysis. The successful candidate will be expected to develop a strong externally-funded research program, supervise students, as well as develop and teach undergraduate and graduate courses. More information about the School can be found at www.math.carleton.ca.

Applications (hard copies only) including a curriculum vitae, up to four sample publications, and a teaching dossier, should be sent to:

Acting Director
School of Mathematics and Statistics
Carleton University
1125 Colonel By Drive
Ottawa, Ontario, CANADA
K1S 5B6

email: ms-atd@math.carleton.ca

Applicants should also arrange to have three letters of reference sent directly to the above address. At least one of the letters should address the applicant's teaching skills.

Consideration of applications will begin on December 1, 2010, and continue until the position is filled. This position is subject to final budgetary approval.

Carleton University is strongly committed to fostering diversity within its community as a source of excellence, cultural enrichment, and social strength. We welcome those who would contribute to the further diversification of our faculty and its scholarship including, but not limited to, women, visible minorities, Aboriginal peoples, persons with disabilities, and persons of any sexual orientation or gender identity. All qualified candidates are encouraged to apply but applications from Canadians and permanent residents will be given priority.
