Department of Mathematics and Computer Science

Applications are invited for a one-year term leave replacement position in the Department of Mathematics and Computer Science, effective July 1, 2011, subject to budget.

Qualifications: A minimum of a Master's degree (Ph.D. preferred) in Mathematics. Experience in undergraduate teaching would be an asset.

Teaching responsibilities: The ideal candidate will be able to teach a senior course in ordinary and partial differential equations and Fourier series; a junior course in the mathematical development of the real number system; a rigorous introductory course in Linear Algebra; and a senior course in functions of a complex variable. As well, the candidate will be expected to provide guidance in seminar form to senior mathematics students. Depending on the candidate's field of expertise, some alterations may be made in course assignments.

The Department offers B.Sc. degree programs and B.Sc. (Honours) degree programs with Majors and Minors in both Mathematics and Computer Science.

All applicants are invited to consult the Brandon University course calendar for more information on the program offerings.

Application Deadline: May 27, 2011, or until position is filled.
Start Date: July 1, 2011, subject to budget.
Rank and Salary: Lecturer or Assistant Professor; salary commensurate with qualifications and experience.

Applicants should send their curriculum vitae, transcripts, summary of teaching experience, citizenship status, and the names, addresses and e-mails of three referees to the Dean of Science. If applying via e-mail, submissions should be in a single file of a reasonable size.

Dr. Austin Gulliver
Dean of Science
Brandon University
