

Tenure-track position in differential geometry

The Department of Mathematics and Statistics of Université Laval invites applications for a tenure-track position in mathematics, in the field of differential geometry. The appointment would normally be at the assistant professor level with a normal start date of June 1st, 2013.

Description

The successful candidate will teach undergraduate and graduate mathematics courses in French (including large-lecture service courses), engage in a productive research program, apply for funding from the major granting bodies, contribute to the management and promotion of department programs, recruit and supervise graduate students, and more generally contribute to the development and day-to-day functioning of the department.

Selection criteria

Candidates must

- have obtained a PhD or equivalent degree in mathematics
- be able to carry out an independent research program in differential geometry, for which one would expect to rapidly obtain sufficient external funding.
- demonstrate excellent pedagogical abilities for teaching large-lecture service courses for engineering students, as well as specialized courses for mathematics students at all levels
- be able to communicate in French or be able to do so within a year.

The capacity to collaborate with existing researchers at the university will be considered an important asset.

Application procedure

Applications must include a CV, three letters of reference, an outline of research plans for the next three years (3 pages maximum), a statement of teaching philosophy (2 pages maximum), and up to two recent articles (preprints or off-prints). The candidate should clearly indicate his/her level of French proficiency or his/her willingness to become proficient within one year. The preferred application format is through Mathjobs (<https://www.mathjobs.org/jobs/jobs/xxxx>), though applications may also be submitted by e-mail (in pdf) to PosteMath@mat.ulaval.ca or by regular mail to

Frédéric Gourdeau, directeur
Département de mathématiques et de statistique
1045, av. de la Médecine
Université Laval
Québec (Québec)
Canada G1V 0A6

Applications must be received by **September 30, 2012**. Candidates are invited to apply as early as possible as interviews may begin before the application deadline.

For more information, please contact the department chair, Frederic.Gourdeau@mat.ulaval.ca.

As an employer committed to a diverse workplace, Université Laval encourages all qualified individuals to apply – particularly women, visible and ethnic minorities, aboriginal persons, and persons with disabilities – but priority will be given to Canadians and Canadian permanent residents. Salary is determined by the collective agreement.
