The University of Toronto invites applications for five tenure-stream appointments in Mathematics. Each appointment is with the tri-campus Graduate Department of Mathematics and one of its affiliated undergraduate departments: Department of Mathematical and Computational Sciences, University of Toronto Mississauga (UTM); Department of Computer and Mathematical Sciences, University of Toronto Scarborough (UTSC); and Department of Mathematics, University of Toronto St. George (UTSG). All appointments will commence July 1, 2016.

At UTM the appointment will be at the rank of Assistant Professor or Associate Professor. At UTSC and UTSG the appointments will be at the rank of Assistant Professor.

We seek candidates with research expertise in Pure Mathematics. Applicants at UTM must have a Ph.D. in Mathematics. Applicants at UTSC and UTSG must hold a recent Ph.D. in Mathematics by July 1, 2016. All applicants must show evidence of excellence in teaching, and demonstrate excellence in research. Excellence in research will be demonstrated by publications in top ranked and field relevant academic journals, presentations at significant conferences, awards and accolades, and strong endorsements by referees of top international stature. Evidence for excellence in teaching will be provided through teaching accomplishments, letters of reference, and a teaching dossier.

The University of Toronto is an international leader in Mathematics research and education. We seek exceptional candidates who would complement our existing strengths. Successful candidates are expected to pursue independent, innovative research at the highest international level, to have a strong commitment to undergraduate and graduate teaching, and to participate actively in the Graduate Department of Mathematics.

Salary (and rank at UTM) will be commensurate with qualifications and experience.

Application material for the position should be submitted online through MathJobs, http://www.mathjobs.org/jobs/jobs/7659. It should include the candidate's curriculum vitae, a list of publications, a research statement, a teaching dossier, the AMS Standard Cover Sheet, and at least four letters of reference sent directly by the writers, including at least one primarily addressing the candidate's teaching. To receive full consideration, application material should be received by November 1, 2015.

For more information, please see our websites, http://www.math.toronto.edu/, http://www.utm.utoronto.ca/math-cs-stats/, and http://www.utsc.utoronto.ca/cms/.

The University of Toronto offers the opportunity to teach, conduct research, and live in one of the most diverse metropolitan areas in the world. The University of Toronto is strongly committed to diversity within its community and especially welcomes applicants from visible minority group members, women, Aboriginals, persons with disabilities, members of sexual minority groups, and others who may contribute to the further diversification of ideas.

All qualified candidates are encouraged to apply; however, Canadians and permanent residents will be given priority.
