

## Tenure-Track Assistant Professor in Statistics – Big Data Analytics

Position # 001869TT-2017-MAT-SPF50-22

The University of Windsor's Department of Mathematics and Statistics invites applications for a tenure-track faculty position at the rank of Assistant Professor in the area of Statistics – Big Data Analytics, commencing July 1, 2017. This position is subject to final budgetary approval.

This position is one of 50 new tenure-track Assistant Professor appointments that the University of Windsor is making over three years as part of a visionary strategic investment in our students and faculty. This cohort of 50 new teachers, scholars, researchers, and creators will demonstrate both disciplinary grasp and interdisciplinary reach, providing extraordinary leadership in research, teaching, and learning for a new generation. For more information on the 50 new appointments, visit us at [www.uwindsor.ca/50newprofs](http://www.uwindsor.ca/50newprofs).

The Department of Mathematics and Statistics consists of 12 professors, 1 Sessional Lecturer, 1 Ancillary Academic Staff (Director of the Math and Stats Learning Centre), 2 support staff, close to 100 undergraduate students, and about 40 graduate students. For further information about the Department of Mathematics and Statistics, including information on our research areas, visit our website at [www.uwindsor.ca/math/](http://www.uwindsor.ca/math/).

The position in the area of Big Data Analytics is intended to strengthen and extend the existing areas of research strength in Statistics and Optimization. The successful candidate will further enable the Department to establish and engage in new collaborative multidisciplinary research opportunities and programs not only within but also outside of the department, e.g., School of Computer Science, Institute for Border Logistics and Security (IBLS), and Great Lakes Institute for Environmental Research.

### Essential Qualifications

The ideal candidate must possess a PhD in Statistics supported by a demonstrated record of excellence in research areas related to big data analytics and demonstrated research record supported by refereed publications, grants/fellowships. In addition, strong English communication and interpersonal skills, and the ability to teach undergraduate and graduate courses is essential.

### Application Requirements

- a letter of application, including a statement of citizenship/immigration status;
- a detailed and current curriculum vitae;
- a statement of research demonstrating its relevance to big data analytics;
- two (2) page outline of research interests and accomplishments;
- samples of scholarly writing, including (if applicable) clear indications of your contribution to any jointly authored pieces;
- a teaching dossier or teaching portfolio showing evidence of teaching effectiveness and excellence that will include sample course syllabi/outlines, teaching evaluations, and a statement of teaching philosophy and interests (resources and templates for completing a teaching dossier can be found at [www.uwindsor.ca/ctl/links-pd](http://www.uwindsor.ca/ctl/links-pd));
- graduate transcripts; and
- three (3) current letters of reference forwarded directly by the referees to the Department Head at the address or email listed below.

Only those applicants selected for interview will be contacted. The short-listed candidates may be invited to provide further information in support of their applications. To ensure full consideration, complete an **online application** ([www.uwindsor.ca/facultypositions](http://www.uwindsor.ca/facultypositions)) found on the job advertisement, and ensure letters of reference are submitted by the deadline date of **October 31, 2016**. Applications may be considered after the deadline date; however, acceptance of late submissions is at the discretion of the appointment committee.
