

**Applied Math  
Department of Mathematics and Statistics  
University of Victoria**

The Department of Mathematics and Statistics at the University of Victoria invites applications for a tenure-track position in the area of Numerical Analysis and Scientific Computing, to commence July 1, 2017.

The University of Victoria provides an excellent environment to conduct an active research program in these areas, which have strength in the Pacific region. The University of Victoria is a member of the Pacific Institute for the Mathematical Sciences (PIMS), which provides opportunities for collaboration and postdoctoral support. The Department itself is highly active in research areas that relate to Numerical Analysis and Scientific Computing, and candidates whose research has the potential for synergy with existing research themes in the Department are particularly encouraged to apply. The successful candidate will find a supportive and intellectually challenging academic environment at the University of Victoria.

The successful candidate will be appointed to a tenure-track position at the Assistant Professor level at the University of Victoria. Applicants must have a Ph.D. in the Mathematical sciences. Successful applicants should have a demonstrated potential for conducting a strong research program and will be expected to supervise graduate students and post-doctoral fellows. Successful applicants will also demonstrate excellence or potential for excellence in graduate and undergraduate teaching.

Applications should be made through MathJobs.org. A complete application will include a cover letter detailing interest in, and experience pertaining to, the position; a research statement; a curriculum vitae; and a teaching dossier. These should be uploaded to the MathJobs site.

Applicants should arrange for at least four letters of reference to be posted to MathJobs in support of their application. At least one letter should address teaching.

Please note: You are asked to upload your C.V. and other personal information to MathJobs.org, which is provided for the convenience of you and your referees. MathJobs.org stores its data on servers located outside of Canada; the data is therefore not in the custody or under the control of the University of Victoria. You may wish to review the privacy statement on <https://mathjobs.org>. If you do not wish to use this service, please email [mathstat@uvic.ca](mailto:mathstat@uvic.ca) for application instructions.

Questions about this position are welcomed and can be addressed to the Chair of Mathematics and Statistics, Dr. Roderick Edwards ([mschair@uvic.ca](mailto:mschair@uvic.ca)).

Review of applications will begin January 15, 2017 and continue until the position is filled.

The University of Victoria is located in Victoria, the capital of British Columbia, at the southeastern tip of Vancouver Island. Founded in 1963, the University is ranked as one of the leading universities in Canada with a reputation for excellence in research and teaching. Victoria

is one of the most scenic locales in Canada with a pleasant climate year round. Faculty and Librarians at the University of Victoria are governed by the provisions of the Collective Agreement. Members are represented by the University of Victoria Faculty Association (<http://www.uvicfa.ca>). The University of Victoria is an equity employer and encourages applications from women, persons with disabilities, visible minorities, Aboriginal Peoples, people of all sexual orientations and genders, and others who may contribute to the further diversification of the University. All qualified candidates are encouraged to apply; however, in accordance with Canadian Immigration requirements, Canadians and permanent residents will be given priority.
