The **Department of Mathematics and Statistics**, in the Faculty of Science, invites applications for a **tenure-track** position at the **Instructor** level, beginning **August 1, 2017** or later. The Department is seeking a candidate with a passion for teaching and teaching innovations, as well as an interest and skills to support mathematical outreach to the community, including school level mathematics competitions, and involvement in enrichment programs for school age students.

Duties include teaching at the undergraduate level in variety of mathematics courses, including both junior and senior undergraduate courses, ranging from large service courses in the first year in linear algebra, the calculus, and Discrete mathematics, to 3rd and 4th year courses taken by our program majors in the mathematics streams of our undergraduate degrees. Participation in curriculum development and administrative duties, and active support for our undergraduate program including mentoring and inspiring students in the subject material is expected.

The successful candidate must have a PhD in Mathematics or an MSc in Mathematics along with demonstrated substantial experience with the science of teaching and learning in Mathematics.

An established record of teaching excellence, particularly in first year calculus and linear algebra is required. Evidence of teaching excellence is required provided by documentation of teaching awards, contributions to curriculum development, peer evaluation of teaching ability and student feedback on teaching. Strong candidates will also present either a track record of, or an interest and talent for engaging in mathematical outreach activities.

Interested candidates should submit a single PDF file containing: a cover letter, a Curriculum Vitae, and a teaching dossier including a description of Scholarly Expertise and a statement of Teaching Philosophy. Applicants should also arrange for at least three letters of recommendations, including references of teaching accomplishments to be sent to:

Department of Mathematics and Statistics
University of Calgary
2500 University Drive NW
Calgary, Alberta T2N 1N4
Phone: 403-220-5210
Fax: 403-282-5150
Email: search@math.ucalgary.ca

The application deadline is June 19, 2017.

Details about the Department of Mathematics and Statistics are available through the department's webpage.

The University of Calgary recognizes that a diverse staff/faculty benefits and enriches the work, learning and research experiences of the entire campus and greater community. We are committed to removing barriers that have been historically encountered by some people in our society. We strive to recruit individuals who will further enhance our diversity and will support their academic and professional success while they are here. All qualified candidates are encouraged to apply; however Canadians and permanent residents will be given priority. In this connection, at the time of your application, please answer the following question: Are you a Canadian citizen or a permanent resident of Canada? (Yes/No)
