

Department of Combinatorics & Optimization
University of Waterloo

The Department of Combinatorics & Optimization in the Faculty of Mathematics at the University of Waterloo invites applications for a definite-term Lecturer position. This appointment will have an initial term of three years (renewable). The position would be eligible for promotion to Continuing Lecturer. The expected start date is September 1, 2019.

A PhD degree is highly preferred, and a proven record of excellence in teaching is required. Applicants must have a strong commitment to undergraduate mathematics education and excellent organizational and communication skills. Duties will include teaching six courses per year across all undergraduate levels and service/administrative work within the University.

The salary range for the position is \$70,000-\$100,000 depending on qualifications and experience.

Interested individuals should apply using [MathJobs](https://www.mathjobs.org/jobs/jobs/12796) (<https://www.mathjobs.org/jobs/jobs/12796>). Applications should include a cover letter, a curriculum vitae, a teaching statement and teaching evaluation summaries (if available). In addition, applicants should arrange to have at least three reference letters submitted on their behalf. Applications received by December 1, 2018 will receive full consideration.

Additional inquiries may be sent by email to combopt@uwaterloo.ca.

The University of Waterloo regards diversity as an integral part of academic excellence and is committed to employment equity and accessibility for all employees. As such, we encourage applications from women, Indigenous (First Nations, Métis and Inuit) peoples, persons with disabilities, members of diverse gender identities, and others who may contribute to the further diversification of ideas. At Waterloo, you will have the opportunity to work across disciplines and collaborate with an international community of scholars and a diverse student body, situated in a rapidly growing community that has been termed a “hub of innovation”. All qualified candidates are encouraged to apply; however, Canadians and permanent residents will receive priority in the recruitment process.
