

Assistant Professor – Algebra

The Department of Mathematics and Statistics at the University of Calgary invites applications from outstanding candidates for a tenure-track position at the rank of Assistant Professor, with an anticipated start date commencing on or after July 1, 2019.

For consideration, candidates must have a PhD in mathematics and a research interest in any area of algebra. A proven record of research excellence commensurate with their stage of career development, a demonstrated ability to attract and sustain peer-reviewed external funding, and the ability and desire to work with and strengthen a diverse group of researchers working in fields allied with algebra are also required. A list of research areas in the department can be found at: https://math.ucalgary.ca/research/research_areas.

The position also requires a commitment to high quality teaching. This includes teaching at both the undergraduate and graduate level, and graduate student supervision. Evidence for such a commitment may comprise positive teaching accomplishments and accolades, strong letters of reference and teaching evaluations, and a teaching statement.

Start Date: Negotiable, on or after July 1, 2019

How to apply: Applications must be submitted electronically through MathJobs.org and consist of:

- A cover letter containing a description of why this position is of interest to the candidate, and details about their Canadian Citizenship/Residency status
- A curriculum vitae
- A description of past, current and future research
- A statement of teaching focus and philosophy.

Each applicant should also arrange to have four letters of recommendation, one of which addresses teaching, uploaded to the MathJobs.org website.

Only applications received by February 6, 2019 will be guaranteed full consideration.

The University of Calgary inspires and supports discovery, creativity and innovation across all disciplines. For more information, visit ucalgary.ca.

About Calgary, Alberta

Calgary is one of the world's cleanest cities and has been named one of the world's most livable cities for years. Calgary is a city of leaders - in business, community, philanthropy and volunteerism. Calgarians benefit from a growing number of world-class dining and cultural events and enjoy more days of sunshine per year than any other major Canadian city. Calgary is less than an hour's drive from the majestic Rocky Mountains and boasts the most extensive urban pathway and bikeway network in North America. Calgary, one of Canada's fastest growing major cities, offers a vibrant, multicultural and family-oriented environment with a population of more than 1.2 million. According to the rankings of the Economist Intelligence Unit (EIU) for an annual Global Livability Ranking, in 2018 Calgary was ranked the 4th in terms of the urban quality of life based on assessments of stability, healthcare, culture and environment, education and infrastructure. Situated near the Rocky Mountains, Banff National Park and Lake Louise, Calgary offers exceptional quality of life and outstanding recreational activities.
