The Department of Mathematical and Computational Sciences at the University of Toronto Mississauga (UTM) invites applications for a tenure stream appointment in the area of Pure Mathematics. The appointment will be at the rank of Assistant Professor, and will commence on July 1, 2019, or shortly thereafter.

Applicants must have a Ph.D. in Mathematics by the date of appointment, and demonstrate a record of excellence in research and teaching. It is required that candidates work in the area of partial differential equations. We seek exceptional candidates whose research and teaching interests complement and enhance our existing departmental strengths (see http://www.utm.utoronto.ca/math-cs-stats/ and http://www.math.toronto.edu/). The successful candidate will be expected to mount innovative and independent research at the highest international level and establish an outstanding, competitive, externally funded research program. Excellence in research will be demonstrated by a record of sustained contributions and publications in top ranked mathematics journals, presentations at significant conferences, awards and accolades, and strong endorsements by referees of top international stature.

Evidence for excellence in teaching must be provided through teaching accomplishments, strong letters of reference, and the teaching dossier submitted as part of the application to include a teaching statement, teaching evaluations, and sample course syllabi.

Salary will be commensurate with qualifications and experience.

The successful candidate will also be a member of the tri-campus graduate Department of Mathematics at the University of Toronto. The University of Toronto is an international leader in Mathematics research and education. It offers the opportunity to teach, conduct research, and live in one of the most diverse metropolitan areas in the world. For more information, please see our websites, http://www.utm.utoronto.ca/math-cs-stats/ and http://www.math.toronto.edu/.

All qualified candidates are invited to apply through MathJobs at https://www.mathjobs.org/jobs/jobs/13692. Applicants must submit a cover letter; a current curriculum vitae; a list of publications; a research statement outlining current and future research interests; and a teaching dossier to include a teaching statement, sample course syllabi, and teaching evaluations. Applicants must also arrange to have at least four valid letters of reference (on letterhead, dated and signed) uploaded through MathJobs directly by the writers, including at least one primarily addressing the candidate's teaching, by the closing date.

The closing date for applications, including reference letters, is April 11, 2019. For additional enquiries, please contact Julia Martyn, Chair's Assistant, at julia.martyn@utoronto.ca.

The University of Toronto is strongly committed to diversity within its community and especially

welcomes applications from racialized persons / persons of colour, women, Indigenous / Aboriginal People of North America, persons with disabilities, LGBTQ persons, and others who may contribute to the further diversification of ideas.

All qualified candidates are encouraged to apply; however, Canadians and permanent residents will be given priority.
