

<b>Position:</b>	Assistant, Associate and Full Professorships
<b>Institute:</b>	The Center for Advanced Theoretical Sciences Guangdong Technion Israel Institute of Technology (GTIIT)
<b>Type:</b>	Full Time
<b>Area:</b>	Pure and applied mathematics, theoretical physics, theoretical chemistry, theoretical computer science, information systems, data sciences and theory of networking.
<b>Location:</b>	Shantou, Guangdong Province, China
<b>Submission Email:</b>	<a href="mailto:gtiitrecruit@technion.ac.il">gtiitrecruit@technion.ac.il</a>
<b>Description:</b>	<p>Technion – Israel Institute of Technology manages the academics of a new university established in Shantou City, Guangdong Province, China. <a href="http://www.gtiit.edu.cn/en">http://www.gtiit.edu.cn/en</a>.</p> <p>GTIIT will follow the academic model of the campus in Haifa, Israel, dedicated to science and technology, research and education. The language of instruction is English.</p> <p>GTIIT has established undergraduate programs in Chemical Engineering, Biotechnology &amp; Food Engineering and Materials Engineering.</p> <p>An undergraduate program in Mathematics (major) with Computer science (minor) is expected to start in October 2020.</p> <p>GTIIT is founding the Center for Advanced Theoretical Sciences which is fully committed to strong research and high level teaching. We expect the center to have research activities such as "special semesters in designated topics", "international conferences" and "summer schools for graduate students and post docs".</p> <p>Tenure-track faculty positions at all ranks for exceptional candidates are now available as members of the center in the following areas</p> <ul style="list-style-type: none"> <li>• Pure and applied mathematics</li> <li>• Theoretical physics</li> <li>• Theoretical chemistry</li> <li>• Theoretical computer science</li> <li>• Information systems, data science and theory of networking</li> </ul> <p>Members of the center will be involved in research activities at the center, supervision graduate students and teaching undergraduate courses.</p> <p>GTIIT will offer generous start-up packages, modern</p>

infrastructure, and qualified research personnel. Successful candidates will be offered generous compensation, convenient housing and family care facilities in the beautiful and newly constructed campus.

Established research leaders in their fields will be provided with exceptional packages.

Some fixed-term teaching positions (non-research) are available in all fields of science for the undergraduate programs.

Please send CV, list of publications, a brief research plan and teaching statements to the Search Committee at: [gitiirecruit@technion.ac.il](mailto:gitiirecruit@technion.ac.il)
