# ACCELERATED CYBERSECURITY TRAINING PROGRAM

## You Deserve a Great Career.
## Let's Get Started.

## ABOUT THE
# PROGRAM

Our Accelerated Cybersecurity Training Program is designed to help graduates with quantitative degrees and/or professionals with advanced computing work experience quickly transition into high-demand roles in cybersecurity.

## CAREER
# OUTCOMES

We train you to take on complex defensive and offensive security roles, including positions such as a Cybersecurity Analyst, Junior Penetration Tester, Cybersecurity Specialist, Cybersecurity Risk Assessor, and Identity Management Specialist.

# CURRICULUM

Palette Skills and The Fields Institute work with an advisory board of top cybersecurity leaders from organizations like KPMG, Scotiabank, WiCys and the University of Toronto to build a training curriculum.

palette skills · FIELDS · University of Toronto · KPMG · Women in Cybersecurity WiCyS · Scotiabank
